Livingston filled his regular appointment here Sunday and also performed the ceremony which united in marriage Mrs. Margaret Williams to Mr. Camden, of Eubanks, and Miss Fannie Dunn and Mr. Bud Skidmore, both of Kingsville. Mrs. Skidmore is one of Kingsville's prettiest girls, while the groom is a fine young man.

Attorney Hill and D. and Will Hester were here Saturday. J. Ed Boland, of Burnside, was here Sunday and Monday in the interest of the Greenbrier Pole Co. The Inspector E. S. Young, of Fort Wayne, Ind., was here this week. Lawrence Williams has returned from a visit to his mother at Eubanks. Will Murphy and family have moved to their new home on the pike. W. W. Walter and family will occupy the house vacated by Mr. Murphy after Dec. 9th. Mr. and Mrs. John Hart will take possession of the hotel which they purchased of Mrs. B. C. Pennybacker several years ago. Dr. C. M. Thompson and brother, J. W. Thompson, will go to the city soon to stock up their splendid new building.

Miss Ethel Carman left Monday for Science Hill to fill her position. H. C. Walter is convalescing.

Mrs. Adam Kelley is on the sick list. Logan Hubble, who is attending the Commercial College in Lexington, was at home Sunday.

## Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

Not long ago a visiting minister in Philadelphia, ignorant of the provisions in the Girard will that "no ecclesiastic, missionary or minister of any sect shall ever be admitted within the premises of the college," presented himself at the gate of Girard College and started to enter. "Are you a minister, sir?" asked the gatekeeper. "Yes," was the unsuspecting reply. "Then you can enter here," said the gatekeeper, tersely giving the reason. "The devil you say," came from the astonished clergyman. The gatekeeper hesitated for a moment, but after pondering the minister's remark he is said to have replied: "Oh, you're all right. When you talk that way you can't be very strong in the preaching line."

## Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "they keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

Clay Estes was thrown from a mule last week and sustained injuries to the right hand which will prevent his working for some time.

Uncle Jim McWhorter says he planted his corn last Spring at a time of the moon when everybody said it would not grow tall, and now he is compelled to cut down the stalk to get to the ear.

Rev. J. L. Weeks, of Ridgway, Ill., dropped in on us very unexpectedly Sunday afternoon and preached at the Baptist church that night. Bro. Weeks was pastor of the church here some 16 years ago and everybody was glad to see him. He has grown a little old since he left here but he preaches with the same vigor that characterized him in his younger days.

The question of taxing the patrons of this school district to the amount of 25 cents on the \$100 worth of taxable property, and \$1 poll tax for the purpose of extending the public school term, will be submitted to the voters of the district at the trustees' election on the first Saturday in October. The usual "kick" has been registered and a full vote will be polled. Some of the heaviest taxpayers favor the proposition and the result will be watched with interest.

Mrs. Green Mains, of Owsley county, is visiting her brother, W. P. Thomas, and sister, Mrs. W. G. Miller. J. F. Cash returned Saturday from Lincoln county, where he had been advertising the Diffie Liquid Soap. Rev. R. B. Mahony was in town Tuesday but he kept himself hid most of the time and few had the pleasure of meeting him. Mr. James G. Winfrey, of Boyle, this county, was here Tuesday in the interest of his brother's candidacy for superintendent of public instruction. Miss Lynn Hansford was in Liberty Tuesday. Mrs. John Adams and Mrs. Etta Coleman have returned from Louisville. J. F. Gadbury and James Allen, of Phil, were here on business.

## Chamberlain's Cough Remedy Acts on Nature's Plan.

Take it when you have a cold and it will allay the cough, relieve the lungs, aid expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superlative excellence. It counteracts any tendency of a cold to result in pneumonia. Price, 25c. Large size, 50c. For sale by Stanford Drug Co.

In many European countries alcohol is fast taking the place of the petroleum products for both heating and lighting, as well as motive power on the farm. Alcohol is non-explosive, is as cheap as kerosene or gasoline and supplies more satisfactory power and light. In lighting, for instance, the alcohol lamp gives a steady light, is white and brilliant and yet soft, has no odor and does not become dirty as kerosene lamps do. Alcohol motors are both stationary and portable and give the best of satisfaction. With the internal revenue tax off of alcohol in this country we also may expect such progress.

"I am not going to Mexico to stay," he said. "I want to build a great house on Mount Carmel to entertain the children of God. I feel that I must build it for the coming of the King. He will come soon. I shall come back and come into my own. My attorneys have appealed my case and I feel that the Lord will not desert me. I believe that God will send his son to me when the time of the millennium comes," said John Alexander Dowie just before bidding goodbye to Zion City and her people.

Gov. Luke P. Blackburn, whose reputation as a physician and philanthropist is too well known to need further comment, once said "Concentrated Crab Orchard Water is the best aperient known to the medical profession and will cure more diseases than any one remedy I have ever used." Get a bottle of White's Diamond Brand Crab Orchard Water. For sale by all druggists and country stores.

Mr. Rockefeller may have returned from abroad a better American, but those several thousand indictments would indicate that he needed improvement. —Atlanta Journal.

## The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Organized labor prevails in Danville, and during the past few months those connected with it have been quietly banding themselves together for mutual protection, so they claim. So quietly has this been going on that no outsider in the city was aware of its existence until one member, who was quite enthusiastic over the success of the new organization, gave the scheme away, but not in time to prevent trouble among the housewives of Danville. —Advocate.

A special from Jellico says that at the coroner's inquest in the Tennessee town, testimony was heard that about 15 men were standing near the car of dynamite which exploded last Friday morning, and all are supposed to have been killed. None of them are known. A country woman visited the place searching for five children to whom she gave permission to go to Jellico Friday and attend a circus. It is feared that they were also killed by the explosion and that the full list of dead will never be known. The body of an unknown girl, probably 20 years old, was found in a field a half mile from the scene of the explosion. It was perfectly nude, but not mangled. Mayors Baird and Stewart, of the two Jellicos, have issued a general appeal for aid. The coroner's jury in Jellico, (Ky.) has finished its investigation and rendered a verdict that the explosion was due to the criminal negligence of either the Louisville & Nashville or Southern railways, or both, or their employes.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Penny's Drug Store.

Tourists of all nations spend every year something like \$65,000,000, or nearly \$200,000 a day, in Italy. Considering the poverty of the country, this crop, which is produced by the national ruins, is of far more value than any cereal or manufacture. THE Philippine census commission announces that the total population of the Philippine archipelago as returned from 342 independent islands is 7,635,426. Of this number almost 7,000,000 are more or less civilized. The wild tribes form about nine per cent. of the entire population. The civilized tribes are practically all adherents of the Catholic church. The Moros are Mohammedans and the other wild people have no recognized religious beliefs. According to the reliable authorities this total population is a little more than four times as great as it was 100 years ago. During the same period that of the United States multiplied almost 15 times. The excess of birth rate over death rate in the Philippines has been very large, in spite of sudden and great losses as a result of epidemics of various diseases. While it is true that the enumeration of the wild tribes according to the method employed among civilized was not practicable, very careful estimates were made. The returns are believed to be within 10 per cent. of the true number. The total number of non-Christians is stated to be 647,740.

DEMOCRATS of the Eleventh district, in convention at London, nominated Dr. A. Gatliff, of Williamsburg, for Congress. The doctor is a dyed-in-the-wool democrat, a man of ability and a fine gentleman. Of course he will not defeat Mr. Edwards, the republican nominee, but we predict that he will decrease the republican majority in the "bloody Eleventh."

MR. N. B. HAYS, Editor Saph Campbell's "Boni," said in a speech at Owen that he would vote for S. W. Hager for governor, if nominated, but he did not consider him a democrat. It matters very little what the old knocker thinks about Mr. Hager's democracy but the public knows full well Mr. Hays' shortage of the "true blue."

HEARST'S nomination for governor by the democrats of New York is a great victory for the young journalist. Besides being a rich man's son, Mr. Hearst seems to be "a hand and a half" both as a newspaper man and a politician. Here's hoping he will be elected.

JOHN L. SULLIVAN, the wornout pug, is to be one of the exhibits at a county fair in North Carolina. John L. will also give the citizens of the "Tar Heel" State an exhibition of his ability as a booze grafter if the opportunity is afforded.

FIVE thousand switchmen are demanding an eight hour day with increased pay. They ought to go slowly and only call for one thing at a time.

It begins to look like the insurrection in Cuba was gotten up by the monied interests for the purpose of securing intervention and annexation.

THE foot ball season has opened. John P. Kennedy was killed in a game at Princeton, N. J., while attempting to make a touchdown.

### POLITICAL.

Washington State Democrats in convention at Seattle endorsed William J. Bryan for President.

New Hampshire democrats in convention at Concord nominated Nathan C. Jameson for governor.

Montana Democrats have endorsed William J. Bryan for the Democratic Presidential nomination in 1908.

New York Democrats, after a long and turbulent session in Buffalo nominated W. R. Hearst for Governor.

William J. Bryan spoke at McAlester, I. T. The principal chiefs of the five civilized tribes are escorting Mr. Bryan through the Territory.

New York Republicans, in convention at Saratoga, adopted a platform and nominated a State ticket headed by Charles E. Hughes for Governor. Timothy L. Woodruff was elected State chairman to succeed former Gov. Odell.

A supplementary Republican text book has been issued. It sells for 10 cents, and its foreword says its publication was authorized by the league which is "composed of colored Republicans from various States in the Union. Its object is to show colored voters why they should vote the Republican ticket this year. The pamphlet contains a picture of the President and also those of William T. Vernon, Register of the Treasury, and Robert Smalls, Collector of the Beaufort, S. C. district, both colored.

An Ohio judge has established a new rule regarding divorce cases, in that no trial will be until six months after the petitions are filed. This is done to give the contracting parties time to reconsider their action and make up.

Jeremiah Jupin of Meade county, married his third wife, a widow, in New Albany, this week, and kicked because it cost him \$3. He said his other marriages had cost him \$1.50 each. The clerk marked the price down to \$2 in a spirit of compromise.

At Asheville, N. C., the county clerk, having occasion to be absent left his 17-year-old daughter, Miss Emma Dills, in charge of the office and signed up several marriage licenses in blank to be used if called for. The girl filled out one for herself and when the old man returned he found her married to a young man he had refused to accept as a son-in-law.

The question of holding down the Sunday lid took a new phase at Columbus, Ind., when Rev. Charles Elmore, of the Christian church, caused the arrest of W. W. and Bert Denison, members of his congregation, the former a deacon, for selling lots in a new addition on Sunday.

A generation ago the Sioux were savages, whose name was a terror like that of the Apaches at a more recent date. Ten thousand christian Indians are now attending the convocation of the Episcopal church on the Santee Reservation. Most of them are Sioux and some of them have traveled 200 miles to attend the convention. All those from distant points are being entertained by the Santee Sioux. It is a splendid result of missions to the Indians.

THREE of Somerset's 19 licensed saloons have gone to the wall lately, forced to close for benefit of creditors.—Somerset Journal. The millenium must be close at hand when a saloon in Pulaski's capital is compelled to shut up shop on account of lack of patronage.

THE "Race for a Widow" was a disappointment to our theater goers, who had expected something grand, as the admission price had been advanced. The play is not an interesting one nor was it overly well presented. In short, the company, headed by Pete Baker, is cleverer off than on the stage.

THE Harrodsburg Herald hands out this following good one: "It is said that the best way to preserve apples in the winter is to wrap them in newspapers so as to exclude the air. The exception is made, however, that the newspaper must be one on which the subscription has been paid, else the dampness resulting from what is 'dew' may result in spoiling the fruit."

It is rumored that the Q. & C. is preparing to spend about \$1,000,000 to build a track around the famous King's Mountain tunnel in the South End of this county. This tunnel is 3,948 feet in length, and cost nearly three quarters of a million dollars. While it has not been given out definitely that this scheme is a go, yet it has come from high authority, and it is probably the road will undertake this move in addition to the double-tracking that is now going on.

To show how clever some people are and how willing they are to say good things of the dead, we will mention a little experience we had the other day. A good lady came in with an obituary of a hundred lines or more and left it for publication. Some hours later when the printer was knee deep in the "tribute to the dead" the lady came again to inform us that owing to the fact that the "deceased" wasn't dead we had better withhold the article until a more appropriate season.

HELM.—Having heard that Harvey Helm, the Tall Sycamore of the Hanging Fork, had been nominated for Congress by the democrats of the Eighth Kentucky district, republicans in Washington who hail from that region are discussing the probable nominee of their party. They have had grape vine dispatches indicating that one of two gentlemen will be given the honor, however empty or full it may prove to be. The most prominently mentioned is F. P. James, the well-known Harrodsburg business man, who has been a leading republican for years. It is understood, however, that he is a little shy about getting into the game. The other probability is Tom Ballard, the Lawrenceburg druggist, who is the district committeeman of his party. Tom is also a stalwart republican, and while he might not ornament the raging stump, never having trained as a spell-binder, he would be right there in a baby kissing campaign, or if its to be a still hunt he might borrow a pair of Godfrey Hunter's gum shoes. Kentucky democrats here who know Helm are confident that he will be elected by a handsome majority, and are sure that he will make a thoroughly acceptable representative. He is a lawyer of ability, a good speaker and an all-round good man.—Washington dispatch to Louisville Times.

THE James Walker Givens farm of 134 acres, near McKinney, will be sold at auction Oct. 12. Also a lot of stock, crops and household furniture. See advertisement Tuesday.

THE report current yesterday that New Orleans had been destroyed by a tidal wave was greatly exaggerated. Very little damage was done the great Southern city by wind and water.

JAMES A. DUDDERAR, of Lincoln county, a young fellow that sported his first mustache the same year we did and sang out of the same hymn book for the edification of the same bright-eyed-girls we did, was in Somerset on business for the McKinney flouring mills. He is descended from a family of millers who always knew whose corn they were feeding to their own hogs. Somerset Journal.

Pain from a Bruise Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Stanford Drug Co.

### Notice of Election!

Regular April term, 1906, Lincoln County Fiscal Court met pursuant to adjournment this April 4, 1906. Present Hon. R. C. Warren, Judge, presiding, with the following justices of the peace, to-wit: D. R. Adams, W. M. Duddar and W. D. Wallin. It was moved by Justice W. D. Wallin that the following action be taken by this court: The grand jury of Lincoln county at the last term of the Lincoln circuit court, having recommended a new court-house for Lincoln county, and it appearing to the satisfaction of this court that the court-house now in use, is unsafe and inadequate for the public convenience and the preservation of the public records, it is ordered and adjudged that the sum of \$10,000 be suggested as the sum necessary to build a new court-house, and it is further ordered that an election be held, and a poll opened, at the several voting precincts in Lincoln county on the 6th day of November, 1906, the day of the next general election, at which the appropriation, above suggested, shall be submitted to the legal voters of Lincoln county for their approval or rejection.

The sheriff of Lincoln county is directed to advertise said election for at least 30 days next before the day thereof, in the Lexington Journal, newspaper, being the only newspaper published in Lincoln county, and the officers of said election are directed to hold the election between the same hours that they are required to hold elections for county officers, which election shall be held and conducted in all respects as required by the general election laws in force in this State at the time the same is held.

The clerk of the Lincoln county court shall cause to be printed on the official ballot, to be used in said election, the words and figures: "Are you in favor of an appropriation of \$10,000 for building a new court-house, for Lincoln county?" and have two spaces on the right of same, one for voters favoring the appropriation, to be designated by the word "Yes," and one for voters opposing the appropriation to be designated by the word "No," and said clerk shall prepare said ballot in all other respects as required by Sec. 175 of the Kentucky Statutes.

In the event that the requisite number of legal voters of Lincoln county vote in favor of said appropriation, it is ordered that this court cause the bonds of Lincoln county to the amount of \$10,000 to be prepared, executed and issued on printed forms under the seal of the county, to be signed by the presiding judge of the Lincoln county court and be countersigned by the clerk of said court, payable to bearer at Lincoln, Kentucky, National Bank, of Stanford, Ky., 20 years from the date of same with the option of paying same in 15 years from date, which bonds shall not bear a greater rate of interest than 4 per cent, payable semi-annually at Lincoln County National Bank, of Stanford, and interest coupons shall be attached to said bond, signed by the clerk of the Lincoln county court. Said bonds shall be issued in denominations of \$500. The ayes and nays were called on said motion and the same was passed unanimously, all of the justices voting for same, namely Justices D. R. Adams, W. M. Duddar and W. D. Wallin, being a quorum of this body.

HOSPITAL PHYSICIANS SAID:  
"IT WOULD DELIGHT US TO FIND SOMETHING TO CURE THIS DEAR OLD SUFFERER."

MR. E. W. ROSE, St. Louis, Mo. RICHMOND, IND., Nov. 20, 1906.

DEAR SIR: The charity patient in whom I am so much interested was seventy-five years old at the time that she began the use of "Zemo," and her weight was 130 lbs. Her health has been poor for some time past, suffering mainly from apical trouble, according to the diagnosis of the doctors in attendance. She has been a hard worker all her life, having made the living for her family keeping boarders. Somewhat over a year ago eczema began to trouble her. It gradually grew worse and worse until her entire body was affected, the legs being a mass of sores constantly separating. The itching and burning sensation was so dreadful at times that it was impossible for her to sleep day or night. The doctors (two of our best) pronounced the case incurable, and when I asked permission to use "Zemo," promptly said, "It would delight us to find something to cure this dear old sufferer." "Zemo" was first used on the upper part of the body and soon relieved the patient of the terrible distress caused by the itching and burning. The doctors had been dressing the legs every day, but as soon as they saw the wonderful change in the skin where "Zemo" had been used, they gave consent to have it used on the legs. Gradually they began to improve and are now almost as smooth as the face. It was probably about a month before much relief was experienced in this part of the body, then skin soiled off, itching, burning and aching gradually ceased. It seems now as if a testimonial might be given, but the patient said she had better use "Zemo" a few weeks longer before saying that she is cured. However, she is very grateful to all who have been instrumental in securing your wonderful remedy and thinks that it has a great future before it.

Respectfully,  
(MRS.) MARY PERRY BELLIS, Nurse in Hospital, No. 208 N. 8th St.
